

Go Green & Join our Team!

Our Carbon Neutral Manufacturing facility is seeking a Maintenance Technician at our Essex, VT location on a 2 week-AWS (Alternating Work Schedule). Flexibility required including working some overtime. Pay rate is DOE.

The selected individual will be responsible for adherence and upkeep to the facility and equipment maintenance programs, troubleshooting, and repairs of production and material handling equipment. This position is responsible for performing preventative maintenance to ensure there are minimal disruptions to production. In addition, the individual will assist in the operation of production equipment, continuous improvement, and operator training.

Qualifications include:

- Responsible for adherence of all maintenance procedures and required documentation.
- Recommend and implement continuous improvement measures regarding all Maintenance programs.
- Equipment training and associate adherence to maintenance protocol.
- Excellent troubleshooting ability as well as making repairs safely, timely and accurately.
- Mechanical & electrical aptitude: well versed in pneumatics, hydraulics, servicing motors, gear boxes and other general equipment maintenance.
- Forklift/heavy equipment driving experience
- Attention to detail to ensure that all jobs are completed in an exemplary manner and any potential hazards or warning signs of problems are not overlooked
- Ambition to learn and mentor others working both independently and as a strong team member.
- Effective communication skills

Our team offers a positive and supportive professional environment, embracing individuality and empowering personal growth. Benefits include medical insurance, 401K, yearly footwear vouchers, and working with a phenomenal team!

10 paid holidays (including 2 Associate choice holidays, and 2 holidays get 2x salary if you work on them!).

108 hours of vacation/sick time (accrual applies).
