1st Shift Millwright A/B

1 Gordon Mills Way, St Johnsbury, VT 05819, USA

Overtime, weekends and holidays as needed

Starting rate: \$26.50 - \$32.00

Join our team where we accomplish great things TOGETHER.

Allow us to introduce ourselves...

We are a globally active family company whose sustainable and responsible actions contribute to improved living standards. We are an attractive employer with a value-oriented corporate culture based on trust, appreciation and continuous improvement.

Weidmann Electrical Technology has been at the heart of the global transformer industry for over 140 years. With deep rooted knowledge in the design, development and operation of transformers, Weidmann is a leading integrated solutions provider for specialized product and services in the energy sector.

The role...

Must be semi-proficient in mechanical work, machinery set-up, rigging, metal burning, welding, rough carpentry, masonry, piping, etc. Must have knowledge in the basic operation of boilers and a basic understanding of hydraulics, and compressed air systems.

How you'll make an impact...

- This position has significant environmental aspects/impacts associated with it: Hazardous Waste.
- Must understand and accept the fact that although this is basically a 40 hour-per-week position, overtime, weekend work, call-ins, and work on some holidays is required in order to meet company needs.
- Report for work on time and cooperate with others while on the job.
- Perform work in a safe manner in compliance with all OSHA standards.
- Maintain a clean work area.
- All company tools and equipment must be used properly and returned to their proper storage when not in use.
- Employees in this position may be required to enter confined spaces. Confined Spaces Entry

training is required every three years.

- Maintain facilities, processes, production equipment, and tooling to meet the needs of the business.
- Produce products and services that meet defined and anticipated customer expectations.
- Adhere to all environmental, health, and safety procedures.
- Has the responsibility of understanding and carrying out assigned duties in conformance with customer and business requirements.
- Ensures that problems, errors and/or defects that surface in regard to products, documentation, procedures or materials are promptly brought to attention for correction.
- Provides support and input for continual improvement projects, preventative and corrective actions.
- Has the responsibility to halt or change a process if it is not achieving planned results.

What do you bring...

- High School/Trade School Diploma required with 3 years of minimum experience.
- Must be able to deal with fractions and decimals, work with both English and Metric measurement systems, and must have knowledge and experience in multiple crafts such as those listed.
- Must be experienced in working with hand tools, some welding equipment, cutting torch, fork lift, chain hoist, slings, jacks, etc.
- Must be able to provide own hand tools. Welding equipment and torches will be provided by the company along with a wide assortment of hand tools pertaining to WEIDMANN's needs.
- Must be able to meet all physical requirements in accordance with the Essential Function Job Analysis.

What do we offer?

- Medical insurance with an accompanying health savings account, vision and dental insurance, PTO.
- 401k plan with company match, Company paid basic life and AD&D insurance, STD and LTD
- Employee assistance program
- Employee referral program
- Additional company programs include: Wellness, clothing allowance, computer loan, and tuition reimbursement
